## Tylö Felicity – the multi shower that knows no limits.

Tylö designers and product engineers have created what must surely be the perfect steam shower – Tylö Felicity. This bathing beauty is our top-of-the-range model, combining contemporary styling and innovative technology in a shower and steam cabinet that sets a new standard for bathing in the twenty-first century.

Using no more floor space than a conventional shower, Tylö Felicity gives you a complete home spa, packed full of attractive features. What do you say to a steam bath, cascade and cloudburst functions, massage nozzles – and, of course, a refreshing and relaxing conventional shower, as well? Tylö Felicity also incorporates a number of patent pending solutions. These include the unique floor which, despite its low step-in height, has a built-in water trap and adjustable wastepipe. And then there's the fold-down seat with an integral backrest that converts in a trice into a bench for two to sit in comfort.

Tylö Felicity has been designed as an exclusive steam shower for domestic use, but it can also be installed in public spas, hotels and wherever else owners wish to let their guests enjoy a little extra luxury.

## Smart functions that make everyday life easier and more enjoyable.

All Tylö Felicity models have a built-in steam generator, thermostatically controlled mixer tap, a hand-held sprinkler and control panel, a ceiling with an integrated shower function, a comfortable seat, two gently rounded doors in tempered safety glass and a floor tray with water trap and adjustable wastepipe. You can install Tylö Felicity in corners or as a freestanding cabinet.

The more exclusive models also have adjustable nozzles for body massage, cascade and cloudburst functions and interior lighting that bathes the entire bathroom in a relaxing glow. In these versions the seat back also converts simply into a two-seat bench.

**Ceiling shower unit** – dual function shower: a circular ceiling shower and relaxing “rain therapy”.

**Adjustable massage nozzles** for body massage that both relaxes and refreshes.

**Water cascade** helps relieve the tension in tired neck and back muscles.

**In-built steam generator** for bathing in clouds of soothing steam. The generator has automatic fill-up, emptying and flushing functions.

**Lighting in ceiling shower and cascade** casts a pleasant light in the shower.

**Hand-held shower and thermostatically controlled mixer tap** in the front service column adds the finishing touch – practical when you want

to start the shower without getting wet.

**Unique floor tray design** that combines a low step-in height with a water trap and adjustable wastepipe. The design also improves flexibility when placing the shower and adjusting the height from above.

**Twin glass doors** for maximum flexibility.

**Easy-to-operate control panel** on the front service column for setting time, temperature, steam and lighting.

**Finest quality materials** – 6 mm tempered safety glass, anodised aluminium profiles in a warm hue and a sturdy, fully steamtight construction.

**Elegant interior** with shelf compartments and a unique seat that converts simply into a bench for two.

# Tylö Felicity Midi.

With Tylö Felicity Midi you take a further step upwards on the scale of bathing bliss. In addition to all the features of the Basic version, the Midi has four high-pressure water nozzles to massage your back. There is also a refreshing “raindrop” function. The ceiling shower is a Tylö registered design that lets you choose between a ring-shaped curtain of water and a relaxing “rain therapy” function with water from the entire ceiling.

You set the steam bathing function and all the other water functions using the control panel. This has pride of place on the front service column beside the thermostatically controlled mixer tap and the hand shower.

The folding seat has a patent pending construction that you will appreciate whenever you share the shower. All you need to do is to move the backrest forwards and – hey presto! – it turns into a bench with room for two.

The elegant design owes much to the

aluminium front column with its decorative white panel – the perfect match for the shower seat. The two gently rounded doors and both rear walls are made of 6 mm tempered safety glass. The aluminium handles on the doors can also be used for hanging towels etc. As the floor tray can be adjusted from above, it is easy to place this steam shower exactly where you wish in your bathroom.

Tylö Felicity Midi comes ready for simple connection to the water supply. For con-

nection to the electricity supply you will need two 10 amp fuses. The built-in generator (max 4.5 kW) is convertible between 230 V~ and 400 V2N~. Recommended water pressure 4 bar and 50 litres/minute.

## Tylö Felicity Midi (Art. 9607 4510)

Size: 1060 x 1060 mm, exterior height 2205 mm, interior height 2010 mm.
